1. In 1950, the road running between Bercel and Jobbágyi (Bercel-Vanyárc-Szirák-Kisbágyon-Szarvasgede-Jobbágyi), which before the war was a second-class macadam road, was ordered by the Ministry of War to be widened, rebuilt, and given a concrete surface.
2. Work was begun in 1951 and finished by the end of 1952. The latest reports suggest that the road is in excellent condition, and that it did not suffer during the winter.
3. A munitions factory located near Jobbágyi adds importance to this road.
